#### **Activity 4: Three Days Career counselling training program by Nandi Foundation, Mahindra and Mahindra**

Date: 6, 7 and 9 March, 2024

No of participants: 65

**Description:** In this program a commendable effort was made to brighten the future of students by conducting a three-day career counseling training program. This program was organized with the support of Mahindra Pride Classroom Nandi Foundation. The process of preparing your resume and presenting and interviewing for the job was made known. By participating in this training program, the students have seen all this process in practical form, which developed interviewing skills and improved their personality.

The poster is for a career counselling program organized by the Training & Placement Cell of Guru Nanak College Budhlada. It features a blue and orange color scheme. At the top left is the college logo. The main text is in bold, white and orange fonts. It mentions the college's affiliation with Punjabi University, Patiala, and its NAAC A++ Grade accreditation. The program dates are 6 March, 2024 to 9 March, 2024. It is organized in collaboration with Nandi Foundation, Mahindra & Mahindra Group. At the bottom, it lists Dr. Tanupreet Kaur as the coordinator and Dr. Narinder Singh as the principal, along with the college's website.

Description– Department of Science regularly organized a career guidance program entitled **“Career and Future in Science and Research”** on 28 February, 2024 for the final year students of B.Sc Medical and Non-Medical. This programme gave them a clear Vision in science field and goals. On the starting of program Dr. Jatinder Singh interact with students and deliver a brief speech on importance and requirement of career in future in Science field. After that, Mr. .Manmeet Singh explained the scope and growth of science in industrial development as science plays very important role in industry and research. However in the last session of program, Dr. Rishi Kumar, highlights the importance of Research in Science and technology. In this whole programme, students show their keen interest and active participation in the activity and make it successful. After the event they have a clear vision about role of career and research in the development of their future, nations, and society.

#### **Activity 14: Online Guest Lecture on “Scope of Chemistry in Career”**

**Resource person – Miss Pallavi (Academy instructor)**

**Date – 6 October, 2023**

**No. of Participants: 50**

Description: Digital communication and collaboration have revolutionized the way people interact, especially in professional and educational settings. One of the most significant advancements in this area is the rise of video conferencing platforms like Zoom, Microsoft Teams, and Google Meet. These tools enable real-time communication, bridging the gap between individuals who are geographically distant. With features like screen sharing, virtual whiteboards, and break-out rooms, these platforms facilitate interactive meetings, presentations, and discussions that mimic in-person interactions. Video conferencing is not only a solution for businesses but has become essential in education, where teachers and students can engage in lessons and collaborative projects remotely. These tools also allow for flexibility, as meetings and discussions can be recorded and accessed later, making them convenient for participants in different time zones. In addition, features like chat, file sharing, and real-time collaboration on documents enable teams to work together seamlessly, even when apart. As more people embrace digital communication, video conferencing has become a cornerstone of modern collaboration, supporting productivity and fostering connections across the globe. The ease of use and accessibility of these platforms have made them indispensable for both casual and formal communication in various sectors.

The scope of chemistry, as discussed by Miss Pallavi, is vast and influential, touching nearly every aspect of our daily lives. Chemistry plays a crucial role in understanding the composition, structure, properties, and changes of matter. It serves as the foundation for various other sciences, such as biology, physics, and environmental science. Miss Pallavi emphasizes that chemistry's applications extend to diverse fields, including medicine, agriculture, industry, and energy production. From developing new pharmaceuticals and materials to addressing environmental challenges, the scope of chemistry is continuously expanding. It is through chemistry that we can innovate solutions to global problems, improve quality of life, and drive technological advancements, making it an essential science for the progress of society.

## Activity 16: UGC NET Classes

**Date:** 07-10-2023 onwards

**Objective:** To provide knowledge of core subject related to UGC NET.

**Description:** The Department of Computer Science organized UGC NET Classes For PG Classes from 07-10-2023 onwards. The primary objective of these classes was to provide students with in-depth knowledge of core subjects related to the UGC NET examination. The classes were designed to help aspirants better understand the syllabus, exam pattern, and key topics required for the test.

Experienced faculty members conducted the sessions, covering various subjects such as computer science fundamentals, programming languages, data structures, algorithms, and more. The sessions were interactive, allowing students to ask questions and clarify doubts. Additionally, mock tests and practice papers were provided to help students assess their preparation and improve time management skills. The classes were held regularly, with a structured timetable that ensured comprehensive coverage of the syllabus. Special emphasis was placed on important topics frequently appearing in the exam, and students were encouraged to participate actively in discussions and group activities. By the end of the course, students were equipped with the necessary tools and knowledge to approach the UGC NET exam with confidence. The initiative proved to be beneficial for all participants, helping them better prepare for the challenges of the competitive exam.
