REPORT ON ENVIRONMENTAL PROMOTIONAL ACTIVITIES ORGANZIED BEYOND THE CAMPUS

Guru Nanak College Budhlada has forged strategic partnerships with local organizations, NGOs, and government agencies to provide students with diverse opportunities for community engagement. Through these collaborations, students participate in volunteer work, internships, and service-learning projects tailored to address local needs. Notable partnerships include initiatives in the area for environmental conservation awareness activities. The college has been actively engaging students into various environmental promotion activities inside the campus and beyond the campus. College has organized various plantation drives and environmental awareness programmers, cleanliness drives etc. not only inside the campus but also outside the college campus and nearby villages. The activities conducted for environment promotion beyond the campus for session 2023-24 are as following:

The Department of Computer Science organized awareness drive on paddy burning on 23 November 2023. This awareness drive featured AP Manwinder Singh as the keynote speaker. Stubble burning awareness is crucial in addressing the harmful environmental and health impacts caused by the practice of burning crop residues. Raising awareness can help encourage farmers, policymakers, and communities to adopt sustainable alternatives, thereby reducing the detrimental effects of stubble burning.

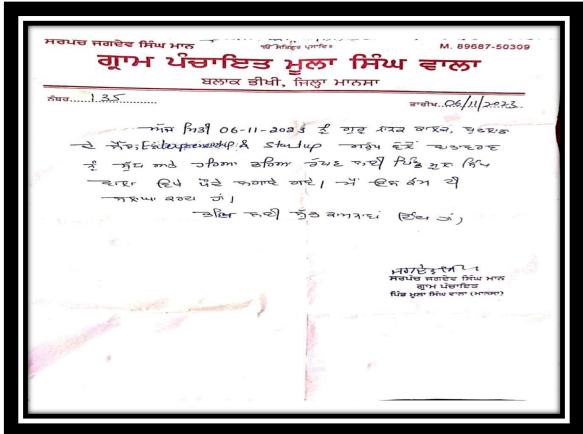

Entrepreneurship and Start Up Cell organized Plantation Drive in Village Moola Singh Wala on 06-11-2023. This initiative was appreciated by the village panchayat.

Students of GNC, Budhlada visit VERBIO India Pvt. Ltd. Plant to attend and participate workshop on Waste management. VERBIO India Pvt. Ltd. started producing compressed biogas (CBG/Bio CNG) from agricultural residues, primarily paddy stubble normally burnt by farmers after the paddy harvest. This is the first, largest and only plant of its kind in India, as well as in Asia.

Er Atul Arora (Production Manager, VERBIO India Pvt. Ltd. , Bhathal Kalan, Lehragaga, and

Balwinder Singh (VERBIO India Pvt. Ltd., Bhathal Kalan, Lehragaga were the resource persons for this workshop.

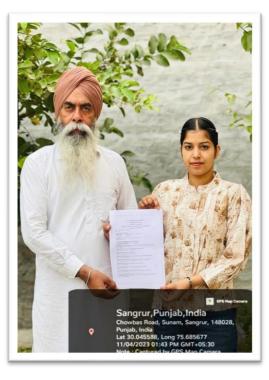

The Department of Science organized a survey on noise pollution in November 2023. In this monitoring they concluded that the rate of noise pollution is raising at a very high rate which leads to develop an arduous situation for the living beings. The learners of under graduation degree were involved in this survey and they put their steps forward to aware localities about the adverse impacts of loud noises on human health. The noise pollution has very harmful effect on children health in various forms for e.g. it effects on their ears which results in loss of their hearing power. They have to suffer from hypertension and in loud noise they don't get their proper sleep.

Plantations drive cum Awareness Programmed on Medicinal plants and its cultivation Practices in the village of Hadiaya (Barnala) on 19-10-2023 was organized by Dept of Agriculture with cooperative efforts of Students of B.Sc. Hons. Agriculture of Guru Nanak College, Budhlada and KVK, Hadiaya (Barnala) to aware local public in village about ecology potential and Its Impotence in daily life.

Awareness Drive – Garbage-Join the Fight for garbage free cities by Nagar Panchayat Bhikhi in Collaboration with Literati Club was organised. 150 students from different classes participated enthusiastically with great zeal and passion to spread awareness among the citizens of the local city.
