Data Operation

The screenshot shows a web application window titled "GURU 3.0". The interface has a purple header bar with the word "Catalogue" and navigation icons. Below the header, there are tabs for "Cataloguing", "Import/Export", "User Services", and "Reports". Under "Cataloguing", there are sub-tabs for "Title(s) In-Process", "Book", "Theses", and "Data Operation". The "Data Operation" sub-tab is active, showing a breadcrumb trail "Transactions -> Data Operation". The main content area is titled "Data Operation" and contains two radio buttons: "Template Based Data Entry" (selected) and "Authority Template Based Data Entry". Below these, there is a "Select:" label followed by a dropdown menu. The dropdown menu is open, showing the following options: "Book", "MyDataEntry", "MyTemplate", "Serial", and "Theses". At the bottom right of the window, there is a watermark that says "Activate Windows" and "Go to Settings to activate Windows" with an upward arrow icon.
